RELATIVE TO ADOPTING STATE MOTTO.

H. C. R. No. 22, Relative to State motto.

Whereas, The State of Texas has heretofore officially adopted the bluebonnet as its State flower, the mocking bird as its State bird, and "Texas, Our Texas" as its State song; and

Whereas, The State of Texas has no appropriate motto to symbolize its history and progress; and

Whereas, The name "Texas" is derived from the Indian word "Tejas," meaning friendship; and

Whereas, The said word is emblematic of the universal spirit existing in Texas and reflects the spirit that has at all times influenced our people; now, therefore, be it

Resolved by the House of Representatives, the Senate concurring, That the word "Friendship" be and is hereby adopted and declared to be the motto of the State of Texas.

The resolution was read second time and was adopted.

RELATING TO SUITS AGAINST THE STATE.

Mr. Hardy offered the following resolution:

H. C. R. No. 23, Authorizing the county surveyor of Ward county to implead and make the State of Texas a party to cause No. 3168 and 3168A, each entitled P. M. Yell vs. D. W. Boren, pending in the district court of Ward county, Texas; and also authorizing the county surveyor of Andrews county to implead and make the State of Texas a party to cause No. 1102, entitled P. M. Yell vs. Byron Estes, pending in district court of Andrews county, Texas; so that in these three cases the boundaries of certain University blocks or surveys may be determined by adjudication.

Resolved by the Senate, the House of Representatives concurring:

Whereas, Under the decision of the Court of Civil Appeals at El Paso in the case of R. L. York vs. William Alley et al. and numbered 2371 on the docket of said court, it was held in cases wherein vacancies sought to be established or declared under Article 5323, Revised Civil Statutes of 1925, touch, adjoin or reach the boundaries or lines of any block or survey belonging to or constituting part of the lands set over and apart to the University of Texas, that the State of Texas was a proper and indispensable party, and that the State of Texas could not be impleaded or made a party thereto by either plaintiff, respondent or defendant under the provisions of said Article 5323; and

Whereas, There are now pending in the district court of Ward county, Texas, two cases, entitled P. M. Yell vs.

D. W. Boren and numbered 3168 and 3168A on the docket of said court, and pending in the district court of Andrews county, Texas, one case, entitled P. M. Yell vs. Byron Estes and numbered 403 on the docket of said court, wherein the vacancies sought to be established or declared under the provisions of said Article 5323 touch, adjoin or reach the lines or boundaries of blocks or surveys belonging to or constituting part of the lands set over to the University of Texas; and

Whereas, To establish the boundaries of said vacancies as alleged in said three cases aforementioned, under the provisions of said Article 5323 and in conformity with the decision in the case of York vs. Alley, supra, it becomes necessary to grant to the county surveyor of Ward county and to the county surveyor of Andrews county the right to implead and make the State of Texas a party thereto, so that the boundaries of the University blocks or surveys adjoining, touching or adjacent to the lines and boundaries of said alleged vacancies can be determined and adjudicated; therefore be it

Resolved, That D. W. Boren, as county surveyor of Ward county, Texas, and respondent in causes numbered 3168 and 3168A, entitled P. M. Yell vs. D. W. Boren, pending in the district court of Ward county, Texas, is hereby authorized and empowered to implead and make the State of Texas a party to the above entitled and numbered causes; and that Byron Estes, as county surveyor of Andrews county, Texas, and respondent in cause number 403, entitled P. M. Yell vs. Byron Estes, pending in the district court of Andrews county, Texas, is hereby authorized and empowered to implead and make the State of Texas a party to the above entitled and numbered cause; and be it further

Resolved, That a copy of this resolution be sent at once to the Attorney General of this State and to the Board of Regents of the University of Texas for their observance.

The resolution was read second time.

Mr. Keller raised a point of order on further consideration of the resolution on the ground that the Legislature can not permit the State to be sued by a resolution.

The Speaker sustained the point of order.

APPROPRIATING CERTAIN SUM TO MAKE AUDIT OF STATE DEPARTMENTS.

Mr. Kinnear offered the following resolution:

H. C. R. No. 25, Appropriating \$10,000.00 out of the contingent fund of the Legislature to be used by the State Auditor and Efficiency Expert in making further investigation into the fiscal affairs of State officers, departments and institutions; giving said officer certain directions and instructions in connection with said investigation and a report of same to the Legislature.

Whereas, It is necessary that the Legislature have further information as soon as possible in connection with public and other funds handled by State officers, departments and institutions in order that it may determine upon proper legislative or other action to be taken in connection therewith; now, therefore, be it

Resolved by the House of Representatives of the State of Texas, the Senate concurring:

Section 1. That the sum of ten thousand (\$10,000.00) dollars is hereby appropriated out of the contingent fund of the present Legislature, the same or so much thereof as may be necessary to be used by the State Auditor and Efficiency Expert in making further investigation into the fiscal affairs and moneys handled by or in the hands of State officers, departments and institutions, including all public and other funds, moneys or securities.

Sec. 2. Said State Auditor and Efficiency Expert is hereby instructed and directed to make such further investigation into said matters as he may deem necessary and use said appropriation to hire the necessary help and pay the necessary expenses of such investigation and a report thereon. Said moneys shall be paid out on sworn accounts approved by said State Auditor and Efficiency Expert on warrants and in the manner provided by the act of the Legislature making appropriation for contingent expenses of this Legislature.

Sec. 3. Said State Auditor and Efficiency Expert is hereby directed to make said investigations for the benefit of the Legislature as soon as possible and make prompt report thereof in writing to the Legislature, to the end that the Legislature may take whatever legislative or other action that may be necessary or proper.

The resolution was read second time and was adopted.

RELATIVE TO ADDRESSES OVER THE RADIO.

Mr. Duvall offered the following resolution:

Whereas, The correct solution of the penitentiary problem of Texas is necessary for the best interests of the citizens and the taxpayers of Texas, that they be fully advised about both sides of this important question; and

Whereas, The morning papers carry news items that the Governor has arranged for a speaking program over the radio, to carry his position on this question to the people of Texas; and

Whereas, It is necessary that the people of Texas have both sides of this important question, to the end that they be fully advised concerning the penitentiary problem at this time; therefore, be it

Resolved by the House of Representatives of Texas, That stations KSAT of Fort Worth, WFAA of Dallas, KPRC of Houston and WOAI of San Antonio be requested to divide time with the opponents of the Governor's program, to the end that both sides be represented in this controversy on prison legislation, and that all other radio stations in Texas be requested to permit the views of the majority of the members of the Legislature to be given on prison legislation.

The resolution was read second time.

Mr. Kemble raised a point of order on further consideration of the resolution, on the ground that the time for the consideration of resolutions has expired.

The Speaker sustained the point of order.

Mr. Young moved that the House rule which relates to the consideration of resolutions for a certain period of time be suspended at this time.

The motion was lost by the following vote (not receiving the necessary two-thirds vote):

CONFERENCE COMMITTEE REPORT ON HOUSE BILL NO. 48.

Mr. Hardy, chairman, submitted the following conference committee report on House bill No. 48:

Committee Room,
Austin, Texas, February 18, 1930.

Hon. Barry Miller, President of the Senate, and Hon. W. S. Barron, Speaker of the House of Representatives.

Sirs: We, your conference committee, appointed to consider the differences between the two houses on

H. B. No. 48, A bill to be entitled "An Act providing for the obtaining of a statement of facts on appeal by a pauper and providing the compensation of the court reporter, and providing an emergency,"

Have met and after full and free conference have agreed to make and do make the following recommendations, to wit:

1. That the Senate recede from its amendment to House bill No. 48 as passed by the House and that House bill No. 48 as passed by the House be adopted as follows:

Be it enacted by the Legislature of the State of Texas:

Section 1. In any civil case where the appellant or plaintiff in error has made the proof required to appeal his case without bond, such party shall make affidavit to such fact, and upon the making and filing of such affidavit the court shall order the official reporter to make a transcript in narrative form in duplicate, and to deliver the same to said party, but such court reporter shall receive no pay for same.

Sec. 2. The fact that there is now no law providing a way by which a pauper may obtain a statement of facts in order to take an appeal, creates an imperative public necessity, demanding that the constitutional rule requiring bills to be read in each House on three several days be suspended, and the same

is hereby suspended, and this act shall take effect and be in force from and after its passage, and it is so enacted. All of which is respectfully submitted,

HARDY,
McCOMBS,
SINKS,
GRAVES of Williamson,
On the Part of the House.
CUNNINGHAM,
BECK,
PARRISH,
GREER,
On the Part of the Senate.

On motion of Mr. Hardy, the report was adopted.

(Speaker in the chair.)

MESSAGE FROM THE GOVERNOR.

Mr. Pat Dougherty, secretary to the Governor, appeared at the bar of the House and, being duly announced, presented the following message from the Governor, which was read to the House, as follows:

Executive Office,
State of Texas.

Austin, Texas, February 18, 1930.

To the House of Representatives of the
Forty-first Legislature:

I return herewith House bill No. 22, which I have vetoed.

This bill places the jury wheel law in force in counties having a population of between 37,500 and 38,000. The reason for a jury wheel law is based upon the fact that some counties have such a large population that jury commissioners cannot possibly know the qualified jurors and the jury wheel is used as a sort of lottery from which to draw jurors. I do not believe that the provisions of the jury wheel law should be extended to the smaller counties of Texas, because I believe the system of jury commissioners is a far more satisfactory system for selecting jurors than the jury wheel system, unless the population of the county is so great that commissioners cannot reasonably be expected to know any considerable number of qualified jurors.

Respectfully submitted,
DAN MOODY,
Governor.

H. B. No. 22.

An Act amending Article 2094 of the Revised Civil Statutes of 1925, relating to the selection of jurors for service in the district and county courts, so as to make said article apply in any county having therein a city containing a population of at least twenty thousand, and in any county shown by the last United States Census to have a population of not less than thirty-seven thousand five hundred, and not more than thirty-eight thousand, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. Article 2094, Chapter 7, of the Revised Civil Statutes of 1925, is hereby amended by the addition thereunto as follows:

"Article 2094a. The provisions of this article and of Articles 2094 and 2103, inclusive, of said chapter, shall also apply to all counties shown by the

United States Census of 1920 to have had a population of not less than thirty-seven thousand five hundred, and not more than thirty-eight thousand."

Sec. 2. CONFERENCE COMMITTEE REPORT
ON HOUSE BILL NO. 35.

Mr. Sanders, chairman, called up for consideration at this time the following conference committee report on House bill No. 35:

To the Hon. Barry Miller, Lieutenant Governor, and Hon. W. S. Barron, Speaker of the House of Representatives.

Sirs: Your Free Conference Committee on House bill No. 35 beg leave to submit the following report:

H. B. No. 35. By Sanders.

A BILL

To Be Entitled

An Act relating to occupation tax on the production of sulphur, providing for an occupation tax of fifty cents (\$0.50) per long ton of all sulphur produced within the State of Texas; providing for reports and records imposing forfeitures and penalties for failure to keep records; providing

penalties for failure to pay tax; directing the bringing of suit for the recovery of taxes, penalties and interest; providing for the appropriation and use of the revenues collected hereunder, and further providing that the taxes so derived shall be considered in reducing the tax rate for public free school purposes as determined by the State Tax Board and the manner thereof; and enacting other provisions incident and necessary to the subject and purpose of this act; repealing all laws or parts of laws in conflict with this act; expressly repealing Article 7066, Revised Civil Statutes, and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. Each person who owns, controls, manages, leases or operates any sulphur mine or mines, wells or shafts, or who produces sulphur by any method, system or manner within this State shall make, quarterly on the first day of January, April, July and October of each year, a report to the Comptroller, sworn to by such person before an officer authorized to administer oaths in this State, or if such person be other than an individual, so sworn to by its president, secretary or other duly authorized officer, on such forms as the Comptroller shall prescribe showing the total amount of sulphur produced within this State by said person during the quarter next preceding; and at the time of making said report shall pay to the Treasurer of this State as occupation tax for the quarter beginning on said date an amount equal to fifty cents per long ton, or fraction thereof, of all sulphur produced by said person within the State of Texas during such preceding quarter.

Each person subject to the payment of this tax shall cause to be made, kept and preserved a full and complete record of all sulphur produced in this State by it, all of which record shall be open at all times to official inspection and examination by the Comptroller or the Attorney General, or any employe of or representative of the Comptroller or the Attorney General. Said records may be destroyed after three years from the last entry appearing in any such record. Any person failing to keep such record or records as herein required shall forfeit to the State of Texas as a penalty any sum not less than five hundred dollars nor more than five thousand dollars, payable to the State of Texas, and each ten days of failure to keep such

records shall constitute a separate offense and subject the offender to additional penalties for each such period of failure to keep such records. Any person subject to the payment of said tax on sulphur failing to pay the tax levied in this article within thirty days after same is due and payable shall pay to the State as a penalty an additional amount equal to ten per cent of the taxes due, and such tax and penalty shall draw interest at the rate of six per cent per annum from the due date until paid. The Attorney General or any district or county attorney at the direction of the Attorney General shall bring suit in behalf of the State to recover the amount of taxes, penalties and interest past due and payable by any person affected by this law. The word "person" as used in this law shall include persons, firms, partnerships, companies, corporations, associations, common law trusts or other concerns by whatever name or howsoever organized, formed or created.

The Comptroller may require such other information and such additional reports as he may deem advisable.

Sec. 2. The one-fourth ($\frac{1}{4}$) of the occupation tax hereby imposed and collected constitutionally allocated to the available public free school fund shall be set aside to such purposes, with the remaining three-fourths ($\frac{3}{4}$) of the said revenues to accrue to the credit of the general revenue fund of the State, until July 1, 1931, after which date the said three-fourths ($\frac{3}{4}$) of the revenues derived from such tax shall be set aside to the available school fund to be used for public free school purposes in the payment of the per capita for all the children within the scholastic age. It being expressly provided that the State Tax Board shall take into consideration in their determination of the rate to be collected for public free school purposes as provided in Article 7043, Revised Civil Statutes, the amount of money paid into the available school fund under the provisions of this act in the following manner, that said Tax Board shall determine the rate which will be sufficient to yield and produce for the fiscal year under consideration, the necessary per capita for all the children within the scholastic age as shown by the most recent official scholastic census, as provided in said Article 7043, Revised Civil Statutes, and deduct from such rate so determined such percentage and rate as would be necessary to produce a sum of money equal to the

amount paid into the Treasury under the provisions of this act during the first half of the current calendar year and the latter half of the preceding calendar year, and the rate and percentage so found shall constitute the ad valorem rate to be levied and collected for public free school purposes.

Sec. 3. That the first report shall be made under this act and the first tax due and payable on July 1, 1930, and any person producing sulphur prior to that date shall make the report and pay the tax required by this act.

Sec. 4. That all laws and parts of laws in conflict with this act, and particularly Article 7066, Revised Civil Statutes, are hereby expressly repealed.

Sec. 5. The provisions of this act are severable, and if any of the provisions hereof shall be held void the decision of the court shall not affect or impair any of the remaining provisions, and it is hereby declared as the legislative intent that the provisions, sentences and phrases not declared to be illegal or void would have been enacted and adopted without the inclusion of the provisions, sentences and phrases declared void and invalid.

Sec. 6. The fact that the present tax upon the production of sulphur is totally insufficient and inadequate; that appropriations for educational purposes to be made by this Legislature require that additional revenue be raised by equitable taxation, and the rapid approach of the end of this session, create an emergency and an imperative public necessity that the constitutional rule requiring bills to be read on three several days in each house be suspended, and said rule is hereby suspended, and that this act shall take effect and be in force from and after its passage, and it is so enacted.

REPORT OF THE COMMITTEE TO INVESTIGATE STATE TREASURY DEPARTMENT.

The Speaker laid before the House, and had read the following report of the committee to investigate the State Treasury Department:

To the Speaker and Members of the House, Fourth Called Special Session of the Forty-first Legislature, State of Texas:

We, your Committee on State Affairs, to whom has been referred a resolution directing us to investigate certain charges concerning the State Treasurer, beg to make the following report:

On account of the nearness of the end of the session, and the limited time we have had to devote to the matter, our report will necessarily be brief.

It is our opinion from what investigation we have been able to make that the Treasurer of the State, W. Gregory Hatcher, has been guilty of no acts that reflect upon his honor as a public official, nor upon his character as a man.

We find that he has followed the system which has been followed by his predecessors in transacting many important matters in connection with his office, and in fact he has made some improvements on that system.

We further find this system as stated in the State Auditor's report does not conform to all provisions of the statutes and is inadequate to properly protect the interest of the State.

It is our conclusion that by a harmonious effort between the State Auditor and State Treasurer working to the end of bringing about a more modern system and a strict compliance with the law that the interests of the State will be better subserved.
